No.	Reference to PN/ Bidding documents	Question	Answer
		Questions dated: 11/01/2016	
1.	Section II. Bid Data Sheet (BDS)	BDS, page 31/96, it is stated under item UP 10.1 that tender and offer languages are English and Serbian , and that all correspondence is carried out in English and Serbian language. Question: The prevailing language of offers: is it obligatory to submit a bid in English language, or is it enough to submit the bid only in Serbian language?	Bidder submits the bid in Serbian or English.
2.	Section III. Evaluation and Qualification Criteria	In accordance with your request on the page 41/96, item c) business capacity and proof of the same, it was stated that it takes a maximum of 5 (five) contracts of the SAME NATURE. Does it apply only to restricted references for contracts done under public procurements or contracts/invoices, regardless of whether the contract was in public procurement or not?	Applies to all realized contracts relating to the goods of the same nature. (regardless of whether it was a public procurement or not)
3.		We need clarification: For which particular products installation is needed?	For products whose warranty is conditioned by assembling as well as goods whose nature requires installation services.
4.	Section VII, Schedule of Requirements	Regarding LOT 1: AIR CONDITIONERS - Please explain whether the offer has to be sent with the installation distances up to 1m? If you need more distance than 1m, please provide us with the exact distance from outdoor and indoor unit?	It is necessary to submit the bid with the installation of up to 2m distance.

5.	Section VII, Schedule of Requirements	Regarding LOT 2: STOVE: Do you need a three-phase or single-phase socket? And is it necessary to include the cable in the price? BUILT-IN OVEN AND PLATE: whether they must be of the same brand or they can be of the different brands? BUILT-IN HOB – Your request for item 80, hob with 2 ceramic plates 15 and 18cm - Standard hob has dimensions of 14.5 cm. Do you consider that the 14.5cm instead of 15 cm one complies with technical specifications? COOLING EQUIPMENT: do you require gross or net volume of the refrigerator and freezer? ICE MACHINE: it is not defined whether for the ice machine we give an offer with a deposit or no deposit (Bunker ice)? Questions dated: 13/01/2016	- a single-phase socket is required. It is necessary to include the cable in the price. - Different brand is acceptable - 14.5 cm is acceptable - Net volume - No Deposit
6.	Section III, Evaluation and Qualification Criteria	Please confirm that you will accept copies of the executed contracts/invoices from 2015 as the fulfilment of the condition for business capacity.	Considering that the procurement was initiated during 2015, as evidence for business capacity, copies of signed contracts (or exceptionally, copies of invoices, considering that the amount of one invoice is corresponding to one contract), List of references and Confirmation Letter from a Client for 2012/2013/2014 will be accepted.

Handwritten signature
