

CLARIFICATIONS NO.3

Issued on 09.02.2016.

ICB No. IOP/12-2015/G

Project: Public Sector Research and Development

Subproject: Consumables

Procurement: personal computers, computer equipment, external devices and photo equipment for the needs of scientific research organisations

Qtns. No.	Reference in PN/ Tender dossier	Questions	Answers
Questions dated: 01/02/2016			
1		For the item No 6.36 – Projector no.4, having in mind that has no impact on the functionality of the device at all, please confirm to us that the Purchaser will accept ultra slim solution witch max. dimensions of 300mm x 215mm x 45mm	For the item No 6.36 – Projector no.4: Purchaser will accept ultra slim solution witch max. dimensions of 300mm x 215mm x 45mm
2		Please confirm to us that for the item No. 6.51 – External HDD.3 Purchaser will allow for Bidders to offer 2.5" instead of 3.5" as compact solution with smaller dimensions, and the same functionality.	We confirm that for the item No. 6.51 it is accepted to offer 2.5 " instead 3.5" as more compact solution with smaller dimensions, and with same functionality.
3		Please confirm to us that for the item No. 6.53 – External HDD.3 Purchaser will allow for Bidders to offer 2.5" instead of 3.5" as compact solution with smaller dimensions, and the same functionality.	We confirm that for the item No. 6.53 it is accepted to offer 2.5 " instead 3.5" as more compact solution with smaller dimensions, and with same functionality.
4		Please confirm to us that for the item No. 6.55 Purchaser will allow for Bidders to offer 3.5" instead of 2.5", so that more than just one manufacturer and type of HDD can be offered.	For item No. 6.55. it is not allowed to offer 3.5" instead 2.5" .

5		<p>For the item No 6.66 – Graphic Card.6, please confirm that the Purchaser will accept most up-to-date graphic cards having 4GB GDDR5 and 256bit with all the other criteria met fully, having in mind that these most up-to-date models of graphic cards (2016), which represent successors of previous EoL models (2015), have much better performance level and are consider to be better solution.</p>	<p>For the item No 6.66 – Graphic Card.6: Purchaser will accept most up-to-date graphic cards having 4GB GDDR5 and 256bit with all the other criteria met fully.</p>
6		<p>For the item No 6.67 – Graphic Card.7, please confirm that the Purchaser will accept most up-to-date graphic cards having 4GB GDDR5 and 256bit with all the other criteria met fully, having in mind that these most up-to-date models of graphic cards (2016), which represent successors of previous EoL models (2015), have much better performance level and are consider to be better solution.</p>	<p>For the item No 6.67 – Graphic Card.7: Purchaser will accept most up-to-date graphic cards having 4GB GDDR5 and 256bit with all the other criteria met fully.</p>
7		<p>For the Item no.6.77 – UPS 14, please be kind to revise your request related to the real power of UPS device (it is stated 600W) which by default defines very unefficient UPS with really low real power, because it is our assumption that the mistake was made inside tender dossier. Otherwise for this item it is possible to offer the same item like for 6.75 – UPS 12, which then fully meets the request and there is real possibility that the real technical requirement is not fulfilled hence making the LPS device inadequate and impossible to use, all of this in case the real power (W) is wrongly stated.</p>	<p>Please see Corrigendum No. 5</p>
8		<p>Please confirm to us that for the item No. 3.17 Purchaser will accept monitor which has 3 digital outputs instead of 4, with minimum of: 1xDVI-Dual link, 1xDisplay port and 1xMHL-HDMI.</p>	<p>We confirm that for the item No 3.17 Purchaser will accept monitor which has 3 digital outputs instead of 4, with minimum of: 1xDVI-Dual link, 1xDisplay port and 1xMHL-HDMI.</p>
9		<p>Having in mind that on the global market no 30inch diagonal monitor with Pivot option is present, please confirm to us that it is possible to offer monitor without Pivot option, having all other requests fulfilled. Otherwise none of the possible Bidders will have a product to offer for this item.</p>	<p>It is possible to offer monitor without Pivot option, having all other requests fulfilled</p>
10		<p>Please confirm to us that for the item No 3.18 Purchaser requests monitor with 16:10 aspect ratio, considering that monitor with 16:9 aspect ratio has resolution of 2560x1440 pixels.</p>	<p>Please see Corrigendum No. 5</p>
11		<p>Please confirm that for the item No 3.18 Purchaser will accept monitor with sound bar that is attached to the monitor instead of integrated speakers, and which is also from the same manufacturer.</p>	<p>We confirm that for the item No 3.18 it is accepted to offer monitor with sound bar that is attached to the monitor instead of integrated speakers, and which is also from the same manufacturer.</p>

12		For the item 4.1 – Desktop.13, item 4.2 – Desktop.14, item 4.3 – Desktop 15, please provide details on the minimal PSU efficiency for the started power of 500w, 600w, 600w respectively.	Minimal PSU efficiency is not important factor for the Purchaser, as long as all the components within the desktop PC (including the PSU) are Energy Star 6.1 qualified all together as one integrated unit (desktop PC).
13		According to Corrigendum No.3, please confirm that copies of financial statements (balance sheets, including all related notes and income statements) for the years requires can be delivered in Serbian language for Residents of Republic Serbia.	We confirm that.
14		Please confirm to us that Consortium/JV fulfills Technical capability (ISO 9001:2008 and ISO 27001:2013) together and not separately.	Consortium/JV fulfills technical capability together.
15		According to Corrigendum No.3, please confirm that Articles of Incorporation of Registration of firm can also be delivered in Serbian language for Residents of Republic Serbia.	We confirm that.
16		Please confirm to us that you have made mistake in Clarification no. 1 answering the questions 3,5,8 and 12, and that you actually referred to Corrigendum No. 3 instead of Corrigendum No. 2?	We confirm that.
		Questions dated: 02/02/2016	
17		Lot 1, position 1.10, 1.11, 1.12 and 1.13 Question #1: In technical specification for I/O ports 2xUSB 2.0 + 1xUSB3.0 are required. Please confirm that is acceptable to offer notebook with integrated 1xUSB 2.0 + 1xUSB 3.0 which will be expanded to 2xUSB 2.0 + 1xUSB3.0 with additional USB hub. Question #2: In technical specification for weight 1.4 kg is required. Please confirm that is acceptable to offer notebook with 1.5 kg weight.	Q1. is acceptable, with delivery of an appropriate adapter. Question #2 For item No. 1.10 and 1.11 it is acceptable to offer for weight max 1.5 kg. For item No. 1.13 it already stands in the Technical specification that the required weight is 1.5 kg.
18		Lot 1, position 1.16 and 1.17 Question #1: In technical specification for I/O ports VGA interface is required. According to technical requirements for above-mentioned notebooks, it is obvious that Purchaser is looking for ultrabooks. Having on mind that most ultrabook manufacturers deliver ultrabooks without analog video interface, please confirm that it will be acceptable to offer device without VGA port.	It is acceptable to offer device without VGA port.

19		<p>Lot 1, position 1.20, 1.21, 1.22 and 1.23</p> <p>Question #1: In technical specification for Standard you defined Energy Star 6.0 and EPEAT Gold. On all other position you defined only Energy Star and EPEAT standard, please confirm that is acceptable to offer equipment with Energy Star and EPEAT.</p>	<p>It is acceptable to offer equipment with Energy Star and EPEAT.</p>
20		<p>Lot 1, position 1.20</p> <p>Question #1: In technical specification for weight 2.2 kg is required. Please confirm that is acceptable to offer notebook with 2.5 kg weight.</p>	<p>For position 1.20: It is not acceptable to offer notebook with 2.5kg weight.</p>
21		<p>Lot 1, position 1.22 and 1.23</p> <p>Question #1: In technical specification for expansion Display port or HDMI output is required. This is ultrabook with very small dimension and weight. Please confirm that is acceptable to offer notebook with adapter USB to HDMI/Display Port.</p>	<p>Position 1.22. and 1.23: We confirm that it is acceptable to offer notebook with adapter USB to HDMI/Display Port in case that offered notebook has USB port with video out option (given by manufacturer's specifications).</p>
