It is not necessary to submit the evidence on the visit.

Please clarify, whether the bidder is obliged or not to visit the locations, because during the visit no evidence on the visit is to be issued? Also will the bid by the bidder be acceptable if he does not visit the locations? Please provide a clear answer.

3. BIDDER'S QUESTION:

The bill of quantities for LOT 3 – Sečanj – E.S. Stevan Aleksić states – Procurement and installation of the carpentry is done according to the dimensions and the description from the project. Please submit the bill of quantities for carpentry, since it is missing.

ANSWER:

Within the bill of quantities there is the position Metal works – sealing and fixing the existing carpentry, but not the replacement with the new one. So the description relating to the procurement and installation of the carpentry according to the dimensions and the description from the project which is at the end of the bill of quantities is an error.
