On 07.04.2016 the Department for technical preparation of procurements (letter number 94/2016 dated 07.04.2016) informed the Purchaser that there have been a termination of needs of the project managers – end users for the certain amount of goods, which are included in the procurement IOP/08-2015/G.

Namely, the manager of the project ON171017 as the end user, has expressed the need for goods which are the subject of this procurement, by inserting them in the recording system until 16.11.2014. which was updated through a questionnaire conducted in the period from 10th November to 23rd November 2015.

However, the project manager – end user addressed the Purchaser with the request to be enabled to make changes in the order, i.e. to decrease the amount of goods for which the need was expressed and which are the subject of the procurement, due to the lack of the available means on the project ON171017.

Based on the mentioned request, the Department for the technical preparation of procurements determined that the goods for which the project manager – end user sent a request to be enabled to change the order, i.e. to decrease the amounts, are included in the procurement IOP/08-2015/G within Lot 1 and Lot 2, for which the Decision on contract award was delivered, number 6506 dated 07.04.2016.

Bidding document in Section I Instructions to bidders, in clause 39. sub clause 39.1 defines that at the time of contract award, the Purchaser pertains his right to increase or decrease the amount of goods and the following services which were originally determined in Section VII Schedule of Requests, under the condition that by doing so the percentage, mentioned in Section II Bidder information sheet, is not increased, and without any changes in unit prices or other conditions of the bid and bidding document. In Section II Bidder information sheet, ITB 39.1 F – Award of contract, defines that The Purchaser reserves the right to vary quantities specified in the bid by +/- 100 % at the time of contracting and that the total value of the supplies may not, as a result of the variation, rise or fall by more than 25 % of the original financial offer in the bid, and the offered amount has to be in line with the estimated value from Purchaser's Financial Plan as well as that the unit prices quoted in the bid shall be used.

Pursuant to everything abovementioned it has been decided as in the enacting clause.
