

CLARIFICATION NO. 1 OF THE TENDER DOCUMENT

**RHP-W8-AB-CW/IOP3-2019**

Regarding the requests for additional clarifications of the tender document for the procurement: **Procurement of Execution of works on the construction of buildings – 250 apartments within I phase of social housing complex in Ovča, with respect to eight sub-project of Regional Housing Programme – Republic of Serbia’s Country Housing Project, in order to solve the housing needs of refugees on the territory of the City of Belgrade**, number: **RHP-W8-AB-CW/IOP3-2019**, we deliver the following answers:

**Question:**

(Filed under number 1078 dated 25.02.2020.)

Dear,

Is it possible for the leading member of the consortium to be a foreign legal entity and for the Certificates from the employer to be issued by the foreign Employers?

**Answer:**

Tender can be submitted by a non-resident tenderer. Therefore, leading member of the consortium can be a tenderer who is not registered in the Republic of Serbia (non-resident). Also, the Certificate from the employer can be issued by a non-resident Employer.

However, it is necessary for the Certificate to contain all the elements foreseen by the Tender Document (Volume 1 – Instructions to Tenderers, Form 4.6.4.2 – Certificate from the employer).

**Question:**

(Filed under number 1079 dated 25.02.2020.)

Dear,

Will you accept as part of business capacity the reconstructions of the schools which do not have all the requested types of works?

**Answer:**

In accordance with the Tender Document (Volume 1 – Instructions to Tenderers, clause 12. Information/documents to be supplied by the tenderer, 2. Technical capacity, a) Experience in performing construction works) Tenderer has to demonstrate that it has individually or as leading contractor, in the last five years (2015, 2016, 2017, 2018, 2019), completed works on

maximum 4 facilities/group, block or complex of facilities of similar nature and/or complexity as this contract – construction, upgrading or reconstruction of the existing building, until complete functionality of the facility in accordance with the classification from the table provided within this request, of minimum total GBA (accumulatively under and above ground area) of 24,000 m<sup>2</sup> of constructed, upgraded or reconstructed part of the surface of the object.
