CLARIFICATION NO. 1 OF TENDER DOCUMENT

RHP-W8-CM-S/IOP1-2020

Regarding the request for additional clarifications of the Tender Document for the procurement: Procurement of 105 packages of building material, publication reference: RHP-W8-CM-S/IOP1-2020, we provide the following clarification:

Question no. 1:

(Filed under number 4868 dated 26.08.2020.)

In Tender documents 1_part A - Instructions to tenders 3.12.2

„**Documentary evidence for Tenderers experience:** Signed from authorized person and stamped Tenderer's Statement that he fulfilled the stated condition for the Tenderers experience (**Form 4**) and contracts for the delivery of goods with signed delivery notes, invoices with signed delivery notes, client's certificates or other appropriate evidence, confirming that the delivery of construction materials specified in Form 4 – Business capacity has been successfully performed.’’

It is unclear whether Tenderer, as evidence of signed and stamped Tenderer's Statement on the Form 4 - Tenderers experience, should submit contracts for the delivery of goods and invoices and delivery notes and client's certificates or it is acceptable, for example, to submit only contracts for the delivery of goods or signed reference by The Contracting Authority that the delivery of construction materials has been made.

Answer:

In accordance with the provisions of tender documentation, as proof of the fulfilment of selection criteria from the clause 3.11.2 - Business capacity of the Tenderers, a) - Tenderers experience, tenderer should submit statement on the Form 4 - Tenderers experience that filled and signed by the authorized person of the tenderer.

In addition to the statement, tenderer should provide one of the following documents: contracts for the delivery of goods with delivery notes, invoices with delivery notes, client's certificates or other appropriate evidence confirming that the delivery of construction materials specified in Form 4 - Tenderers experience has been made.
